^a Bering Sea *opilio* crab includes CDQ.

^b Includes Aleutian Is. golden king crab, AK. Peninsula and East Aleutian Is. Dungeness crab, and SE sea urchins.

Final figures may not exactly total because of rounding.

The price per pound is based on exvessel prices from the 2002 Commercial Operators Annual Report when more than 4 processors purchased a species. Regional or statewide COAR prices are used when the specific area-fishery prices on COAR are confidential. A weighted average exvessel price from fish tickets is used when regional and statewide COAR prices are confidential.
